

2010 Humanitarian Projects

Youth:

Smile Train

There are many children worldwide who suffer from cleft pallet. Smile Train doctors donate their time to surgically correct these abnormalities. This creates a huge benefit for these children; their lives alter drastically for the good. They are no longer shunned from others and they have a chance of living a fulfilling and productive life.

Indigenous Cultures:

Adopt a Native American Elder

We will support this amazing organization, we will raise money to donate and we will volunteer our time packing boxes for the reservation.

Extreme Poverty:

Library in Ethiopia Project 2010

Our newest project is to raise money to help build a library in Ethiopia. We will work with a contact person from the Peace Corps who has taken on the dream to build this library a village called Finote Selam. October mediation and a fundraiser book sale will go towards this project.

May Marshal Islands Family Charitable Cause 2010

Our May charitable project is for a family from the Marshal Islands whose mother is very sick and has only a few months to live. There are several young children and a couple babies in the family and presently the father works only part time in order to spend time taking care of the children and his sick wife. Whatever we raise will go towards necessities for the family such as food, clothing and diapers.

Women's Causes:

Helping Hand Project

A good friend of Gary's had a house fire where she lost everything she owned; having no homeowners insurance. She also lost her father who died in the fire. We will raise money to help her out during this difficult time.

Peace Corps:

\$2000 raised for Peace Corps – thanks everyone! Together We Make A Difference!
